FROM THE PROS

Happy December, RCCC!

We hope that everyone had an exceptional Thanksgiving spent with loved ones (and watching football!)

I want to take a second and thank you all for the amazing support we received on Thursday, November 13 that our 2nd annual Vendor Night. I am so happy that we are able to provide this event to our members as not only a way to spend their Event Credit, but also socialize and have fun as a community. We were so happy to see everyone get together and enjoy a fun event, so thank you again.

Now that December is here, I thought it would be a great time to talk about different weather procedures we will see in the coming months. Although we do our best to get communication out consistently and timely, the weather can be very unpredictable, so please be patient when we have frost or excessive rain and flooding. For Frost Delays, the Turf Team will contact the Golf Shop when they arrive on campus and see frost (between 6 and 6:30am) and as soon as the first Golf Shop staff member is here (7am), an email will be sent to the membership alerting of a delay, with details and timing to come later. The extent of the delay won't be known until the sun comes up, and the Turf Team can properly assess the conditions. By approximately 8:30am, the Golf Shop will send a follow-up email with the detailed plan for the day (delayed tee times, starting on the front or back, one-time shotgun start).

As far as excessive rain (which we have already seen this fall!) the Golf Course will be forced to be played with Carts staying on Cart Path Only. The signs in the Golf Shop door will always be accurate to that day's conditions, which could be one of three scenarios: 1. Carts on Path Only. 2. Front 9: 90° rule, Back 9 Carts on Path Only. 3. 90° Rule everywhere.

Tk and the Turf Team has also asked that we as a membership improve at raking bunkers. The Turf Team can only do so much with bunker maintenance and it is up to every golfer to make sure the bunker is left better than it was found. Remember in elementary school when we were taught the "Golden Rule" (Treat others as you wish to be treated), lets call this the "2026 Rock Creek Golden Rule" – Treat the Golf Course as you wish to be treated! We can all do our part to be better at raking bunkers, replacing divots, fixing ball marks and staying on the Cart Path when the Turf Team has deemed the course too wet to drive on.

Thank you all for your continued support and Happy Holidays!

Blake

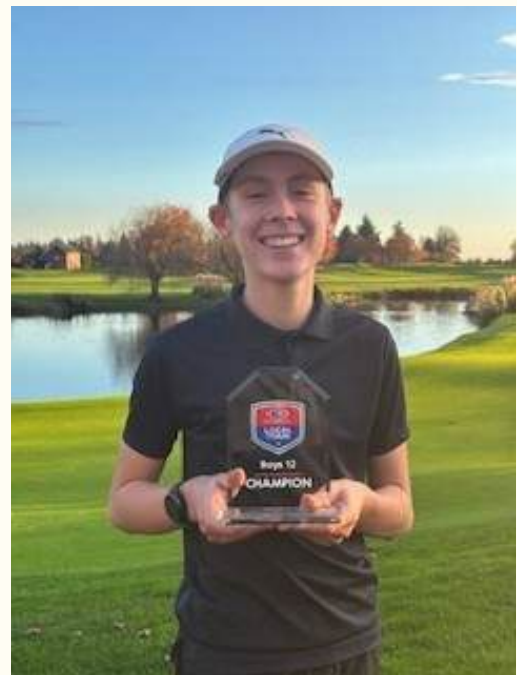

Junior GOLF

What an honor it is to be a part of a Club with such amazing junior golfers! If you have practiced at Rock Creek over the last six months, you have likely seen, played with, or been amazed by one or more of these junior golfers! We have such a great group of junior golfers we can't mention all of them, but wanted to highlight a couple of amazing achievements by two of our juniors.

First, Maddie Conser added to her long list of achievements by earning the distinct honor of being the 2025 Oregon Girls Junior Golfer player of the year. This, along with so many other great awards propelled her to announce her commitment to the University of Kentucky where she will play college golf for the Wildcats. We are so proud!

Second, Cameron Watson was the overall champion in the 12-year-old US Kids Golf Division in the Portland Tour this fall.

If you see these two around the Club, please help us to congratulate them!
