# NOTES FROM THE GOLF SHOP

## Practice Green

The small putting green surface between the club house and tennis court entrance is designated or defined as a “grass farm” to be utilized as needed for course putting green surface repairs and or modifications around the greens. If you could please limit foot traffic through that area and surrounding grass surfaces as much as possible, it would be very beneficial in maintaining integrity of those surfaces and be greatly appreciated.

Please – no direct use of that area and surfaces for practicing purposes without direct approval through the golf shop.

Thank you!  
Tom Austin  
Golf Operations Manager

## Parking Lot Notice

With Valued members, please take care and don't leave any valuable belongings in your car. RCCC is not responsible for theft or loss of personal property.

Thank you.

Dear Members,

We are very excited to finally be able to test out our new irrigation system on the front nine. Thank you for your patience during this installation. As we move into warm summer days, we ask you to help us in these areas:

1. Dress Code – Please make sure that you and your guests adhere to the Club’s dress code policy. Non- athletic Tee Shirts and blue denim are not appropriate golf attire.
2. Range Tokens – Only take tokens that you will use immediately! Please do not ‘store’ extra tokens in your pocket or golf bag. We have lost over 150 tokens in the past 3 months. If you have extra tokens, please return them to the golf shop.
3. Course Care – Please continue to repair at least ONE ball mark per green, sand and seed your divots on the fairways and rake and smooth out the bunkers after use. Place bunker rakes at the lower edge of the bunker perpendicular to the grass-line with just the tip of the handle resting on the grass-line.
4. Carts – Please exercise the 90 degree rule when driving you carts. If you can pair up with another rider, this will also help. Keep carts OFF tee and green surrounds. Carts should be on the path when you are within 30 yards of the green.
5. Tee times – there is definitely an increased demand on tee times in the summer. Please make sure to call the golf shop to cancel a tee time reservation AND only reserve the number of spots you will need. For example, do NOT block a tee time for 4-players when only 2 will show up.

Thank you for your cooperation on these points and have a terrific golfing summer!

Happy 4th of July!

Chuck DaSilva  
Director of Golf

You may have spotted a little border collie running along side a cart in these past few weeks. Grounds crew member Greg Munson and wife Jenny have adopted sweet little Magna and are currently training her to keep the geese at bay.

### Irrigation Upgrades are Complete!

We're excited to announce that the upgrades to the irrigation system on the front nine are now completed! A huge shout out to Milroy Systems and Rain Bird for making this long awaited dream a reality. Jesse and Justin now have the capabilities to spot water areas of concern in real time while they're on the course right from their phones.

Thank you to all our members for your patience during this project.
